DETAILED ACTION

Claim Objections Withdrawn

The objection to claim 11, outlined in the previous Office Action, has been overcome by applicant's amendment. The amendment corrects the claim text as appropriate.

112 Rejections Withdrawn

The rejection of claims 1-10 and 17-20 under 35 USC 112, second paragraph, outlined in the previous Office Action, has been overcome by applicant's amendment. With respect to claim 1, the amendment clarifies the claim as appropriate. With respect to claims 2 and 5, the amendment cancels the claims. With respect to the remaining claims, the rejection is moot.

103 Rejections Withdrawn

The rejection of claims 1-4, 6, 10-18 and 20 under 35 USC 103(a), outlined in the previous Office Action, has been overcome by applicant's amendment. The amendment narrows the independent claims such that they no longer read on the cited prior art. The amendment cancels the claims 2 and 14.

Allowable Subject Matter

Claims 1, 3, 4, 6-13 and 15-20 are allowed. The following is an examiner's statement of reasons for allowance:

The closest prior art remains the prior art of record. As outlined above, applicant has narrowed the independent claims such that the outstanding rejections are no longer tenable.

The cited prior art neither teaches nor suggests the instant processes. Nor would it have been obvious to one of ordinary skill in the art at the time of the invention to modify the teachings of the prior art in order to arrive at those of the instant invention. There is no motivation to do so.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
